Coral Club — is a community of like-minded people who, by choosing the Company's products, choose positive change. A healthy lifestyle is the foundation of our community, and Coral Club is a place where you can meet people who share the values of health, beauty, and personal development.

You can join the Club by recommendation — through an invitation from a Club Member. The recommender is your guide to the products and your gateway to the business opportunities that Coral Club offers to consumers and distributors. If any of your family members (spouses, whether in a registered or unregistered relationship but living together; parents; children; siblings) is already a Club Member, you should indicate them as your recommender.

If you register in the Club independently, without a recommender, use the automatic consultant selection system. Depending on your location, the service will assign a consultant who will help you navigate the product range, support you during comprehensive programs, and answer any questions arising from product use or interaction with the Company. The processing of personal data when using the service is carried out in accordance with Regulation (EU) 2016/679 (GDPR), in particular Articles 6(1)(b) and 6(1)(f) GDPR.
